

RLSS Aquatic Therapy Pool Rescue Award (ATPRA)

The RLSS Aquatic Therapy Pool Rescue Award (ATPRA) is a supervision and rescue award for Aquatic Therapists and support workers working during programmed activities.

It is suitable for those working in a range of swimming pools, including where the water is deeper than your standing depth.

The award comes in two versions; ATPRA and ATPRA Light. So, which do you need for your Aquatic Therapy sessions?

Developed by
the RLSS

Delivered by
Eureka Training

Which award do you need?

Do you have lifeguards or first aiders that are available to respond quickly to a therapist or support worker in the event of an emergency?
